COPPER INSTALLATION CABLE

DATAWAY Copper Installation Cable 305 m / box, CAT5E, FTP/STP, PE, CPR class FCA

Copper LAN installation cable for structured cabling horizontal links and building network infrastructure.

Product Identity

BRAND

DATAWAY

PART NO.

DW-5-F-PE-305

EAN

8586026274479

Overview

DATAWAY copper installation cable is designed for fixed structured cabling links between telecom rooms, patch panels, outlets and network cabinets in office, residential and light commercial projects.

Key Features

- CAT5E performance category
- FTP/STP shielding construction
- PE jacket, CPR class FCA fire class
- 305 m / box package length
- Suitable for patch panel to outlet permanent links

Technical Specifications

DATAWAY Copper Installation Cable 305 m / box, CAT5E, FTP/STP, PE, CPR class FCA

Ordering Information	Specification
Part Number	DW-5-F-PE-305
SKU	9790
EAN	8586026274479

Cable Construction	Specification
Category	CAT5E
Shielding	FTP/STP
Jacket	PE
Package length	305 m / box
Reaction to fire class	CPR class FCA
Conductor	solid copper conductor 0.50 mm AWG 24
Cable diameter	5.9 mm

Electrical / Performance	Specification
Supported protocols	1000BASE-T
Bandwidth	100 MHz
PoE support	PoE. PoE+
Operating temperature	0 to +50 degrees C

Published Product Parameters	Specification
Package length	305 m / box
Color	Black (RAL9011)
Weight	12 kg
Temperature	0 to +50 degrees C
Category	CAT5E
Reaction to fire class	CPR class FCA
