COPPER INSTALLATION CABLE

DATAWAY Copper Installation Cable 305 m / box, CAT5E, FTP/STP, PVC, CPR class ECA

Copper LAN installation cable for structured cabling horizontal links and building network infrastructure.

Product Identity

BRAND

DATAWAY

PART NO.

DW-5-F-PVC-305

EAN

2070910543056

Overview

DATAWAY copper installation cable is designed for fixed structured cabling links between telecom rooms, patch panels, outlets and network cabinets in office, residential and light commercial projects.

Key Features

- CAT5E performance category
- FTP/STP shielding construction
- PVC jacket, CPR class ECA fire class
- 305 m / box package length
- Suitable for patch panel to outlet permanent links

Technical Specifications

DATAWAY Copper Installation Cable 305 m / box, CAT5E, FTP/STP, PVC, CPR class ECA

Ordering Information		Specification
Part Number		DW-5-F-PVC-305
SKU		9783
EAN		2070910543056

Cable Construction		Specification
Category		CAT5E
Shielding		FTP/STP
Jacket		PVC
Package length		305 m / box
Reaction to fire class		CPR class ECA
Conductor		solid copper conductor 0.50 mm AWG 24
Cable diameter		5.9 mm

Electrical / Performance		Specification
Supported protocols		1000BASE-T
Bandwidth		100 MHz
PoE support		PoE. PoE+
Operating temperature		0 to +50 degrees C

Published Product Parameters		Specification
Package length		305 m / box
Color		Grey (RAL7035)
Weight		13.5 kg
Temperature		0 to +50 degrees C
Category		CAT5E
Reaction to fire class		CPR class ECA
