

DATAWAY

FIBER OPTIC PATCHCORD

DATAWAY Fiber Optic Patchcord LC/PC - LC/PC, 1 m, Duplex, G.657A2

Factory-terminated optical jumper cable for structured cabling, ODF and FTTH/FTTx interconnection.

Product Identity

BRAND

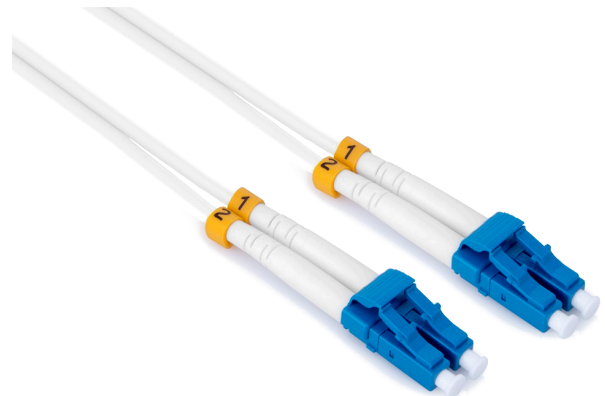

DATAWAY

PART NO.

DW-PC-LCU-LCU-657A2-DX-1

EAN

8586026273014

Overview

DATAWAY optical patchcord is factory terminated and tested for reliable low-loss connection between optical distribution frames, patch panels, active equipment and FTTH access points.

Key Features

- LC/PC to LC/PC connector configuration
- Duplex optical jumper cable, 1 m
- G.657A2 fiber for structured optical links
- 3.0 mm nominal cable diameter
- Suitable for ODF, data center, FTTH and telecom access applications

Technical Specifications

DATAWAY Fiber Optic Patchcord LC/PC - LC/PC, 1 m, Duplex, G.657A2

Ordering Information		Specification
Part Number		DW-PC-LCU-LCU-657A2-DX-1
SKU		S00701
EAN		8586026273014

Optical Performance		Specification
Fiber type		G.657A2
Core diameter		9/125 (OS2)
Connector A		LC/PC
Connector B		LC/PC
Insertion loss		<= 0.30 dB typical reference
Return loss		APC >= 60 dB, UPC/PC >= 50 dB reference

Mechanical / Construction		Specification
Cable length		1 m
Construction		Duplex
Cable diameter		3.0 mm
Jacket color		White
Operating wavelength		1310 nm / 1550 nm reference

Published Product Parameters		Specification
Length		1
Connector		LC ; LC
Fiber count		Duplex
Cable diameter		3.0
Polish type		UPC
Fiber type		SM G.657A2
