Main Parts:

No	Specification	Quantity	Material Specification	Surface	Remark
1	Frame	2	SPCC cold rolled steel T1.0	Powder Coated	
2	Horizontal Bracket	4	SPCC cold rolled steel T1.2	Powder Coated	
3	Vertical rail	4	SPCC cold rolled steel T1.5	Powder Coated	
4	Top Cover	1	SPCC cold rolled steel T1.0	Powder Coated	
5	Bottom Panel	1	SPCC cold rolled steel T1.0	Powder Coated	
6	Glass Front Door with Small Round Lock	1	SPCC cold rolled steel T1.0	Powder Coated	
7	Rear Panel	1	SPCC cold rolled steel T0.8	Powder Coated	
8	Side Panel Door	2	SPCC cold rolled steel T0.8	Powder Coated	
9	Mounting Bracket	1	SPCC cold rolled steel T1.2	Powder Coated	
10	L-shaped Bracket	2	SPCC cold rolled steel T1.2	Powder Coated	

Features:

- *Simple design with precise craftsmanship;
- *Weled frame,can be flat packing,easy to transfer;
- *Solid front door with over 180 turning degree;
- *Removeable side panel with latch;
- *Cable Entry on the top,adjustable cable entrance at the bottom with panel;
- *L-shaped mounting profile,free to move forward and back;
- *Various optional accessories for common using
